

NLGI *The Spokesman* 2010 Editorial Calendar

January/February

Annual Meeting Preliminary Program (1)

- #0918 Benefits of Polymer Additives for Grease – David DeVore
- #0913 OEM Specifications: The Question of Moly, What is Next? – Nicolas Samman
- #0914 A Rheological Investigation of Carbon Nanotube Grease – Haiping Hong

Cover: 2010 Annual Meeting Podium: SIA (Jim Hunt)

March/April

Annual Meeting Preliminary Program (2) Author Bios & Abstracts

- #0907 Fretting about Wear? An Evaluation of Additive Response in the Fretting Wear Performance of Grease – Joseph Kaperick
- #0905 Grease and Additive Influences on Fretting Wear – Gareth Fish, Ph.D.

Cover: 2010 Annual Meeting Podium: Technical Committee (C. Coe, D. Turner)

May/June

- #0904 Food Grade High Temperature Grease – Tyler Housel
- #0902 Prediction of High Temperature Grease Life Using a Decomposition Kinetic Model – In-Sik Rhee
- #0916 The Application of Greases in Used Oil Analysis – Robert Lovicz

Cover: High Temperature Grease Podium: Grease Production Survey (P. Grives)

July/August

Index to Spokesman Volume 72 Annual Meeting Photos

- #0903 Solutions for Optimized Surface Mining Equipment Lubrication - A Total Lubrication Partnership (TLP) Case! – Anuj Mistry
- #0908 Lubricating Grease for Plastic Gear – Daisuke Tsutsui
- #0917 Grease Composition and Structure - Effects on Noise Level Characterization – Dr. K.P. Naithani

Cover: 2010 AM Photos Podium: Certification Mark Committee (Tom Steib)

September/October

- #0901 Development and Characterization of High Performance Overbased Calcium Oleate Complex Grease – Ruiming “Ray” Zhang
- #0912 An Investigation into the Use of Boron Ester Additive Systems to Improve the High-Temperature Capability of Lithium 12-Hydroxystearate Soap Thickened Grease – John Lorimor
- #0910 Examining the Correlation between Cone Penetration and Brookfield Viscosity – Steve Humphreys

Cover: Boron Ester Additive System Podium: Membership Committee (John Kay)

November/December

- #0906 The Changes in the Global Base Oil Market and Their Potential Impact on the Grease Industry – Valentina Serra-Holm
- #0909 Measuring the "Worms" in Grease – Paul Shiller
- #0911 Development of Greases with Extended Grease and Bearing Life Using Pressure Differential Scanning Calorimetry and Wheel Bearing Life Testing – William C. Ward

Cover: Testing Equipment Podium: President’s Remarks (B. Bellanti)

THIS IS NOT A SET SCHEDULE. PUBLISHER RESERVES THE RIGHT TO MAKE ANY NECESSARY CHANGES TO THE EDITORIAL CALENDAR AT ANY TIME.
