SEA-LAND CHEMICAL CO. EXPANDS RELATIONSHIP WITH INGEVITY

Westlake, OH, January 18, 2017– Effective January 1, 2017, Ingevity announced the expansion of the Sea-Land Chemical Co. distribution territory. With this expansion, Sea-Land Chemical Co. will serve as the exclusive distribution channel for Ingevity’s performance chemicals into the lubricants market in the United States.

“We are looking forward to growing our relationship with Ingevity,” said Joe Clayton, president of Sea-Land Chemical Co. “Now with nationwide responsibility, Sea-Land is better positioned to offer and support these outstanding chemical technologies to the lubricant industry.”

“After three years of a successful partnership in various regions with Sea-Land Chemical Co., we are broadening their territory to better service our customers in the lubricant market,’ said Shana McCabe, Ingevity’ s global business manager, lubricants and metalworking fluids additives.

About Ingevity

Ingevity provides specialty chemicals and high-performance carbon materials and technologies that help customers solve complex problems. These products are used in a variety of demanding applications, including asphalt paving, oil exploration and production, agrochemicals, adhesives, lubricants, printing inks and automotive components that reduce gasoline vapor emissions. Through a team of talented and experienced people, Ingevity develops, manufactures and brings to market products and processes that purify, protect and enhance the world around us. Headquartered in North Charleston, S.C., Ingevity operates from 25 locations around the world and employs approximately 1,500 people. The company is traded on the New York Stock Exchange (NYSE: NGVT). For more information, visit www.ingevity.com.
About Sea-Land Chemical Co.

Founded in Cleveland, Ohio in 1964, Sea-Land Chemical Co. is an employee-owned distributor of specialty chemicals. The company provides a variety of products to the lubricants; household, industrial & institutional cleaner; coatings and adhesives; and rubber and plastics industries. The company employs technically adept sales professionals and serves markets across the United States and through its two subsidiaries, Canada and Europe. Currently there are nine strategically located warehouses in North America and two warehouses in Europe.
