

SRV® Seminar

Please join us for our SRV® information and demonstration seminar being held on Friday, September 20th, 2019 at the Koehler Instrument Company, Inc. headquarters located in Holtsville, NY.

This seminar will provide an excellent introduction to our partners Optimol Instruments GmbH and the SRV® tribometer. The test concepts and procedures as well as different applications of SRV® testing will be discussed at length. Attendees will gain invaluable knowledge from hearing customer experiences as well as seeing live product demos.

Schedule and Topics of Discussion:

Morning Session: 9:00AM to 1:00PM

- General Overview - Optimol Instruments and Product Line
- SRV® Applications, including:
 - Rolling Friction Greases (with Demonstration)
 - Gear Oils (with Demonstration)
 - Piston Ring Cylinder Liner (with Demonstration)
- Product Presentation and Demonstration - SRV®5

Afternoon Session: 2:00PM to 5:00PM

- Application Reports and User Presentations
 - Hear how others in the industry are currently using the SRV® technology to solve their tribological needs
- Question and Answer Session

Seminar Instructors:

Gregor Patzer
CEO
Optimol Instruments GmbH

Christoph Baumann
Applications Engineer
Optimol Instruments GmbH
