## **Molykote by Dupont Launches High-Performance Multiuse (HPM) Grease Product**

NLGI is pleased to announce another HPM product to hit the market. Congratulations to Molykote Specialty Lubricants for their MOLYKOTE® Multilub Synthetic High Performance Grease product!

This product is certified with the HPM Core + LT (Low Temperature). For more information, please visit: <https://www.dupont.com/molykote.html>

MOLYKOTE® is a trusted partner to help meet the toughest technical design and lubrication challenges with products that meet precise needs, tailored for your market, application, performance or product technology requirements.

For more information on HPM and how to register products, please visit: <https://www.centerforqa.com/hpm-about/>

**About NLGI:** As a nonprofit trade association founded in 1933 by pioneers of the lubricating grease industry, the National Lubricating Grease Institute (NLGI) was established with the goal of providing education, scientific and technical information, expert advice, profitable partnerships and a global forum for ideas and innovation. The mission of the organization is “to provide resources relevant to the needs of the global grease community.” Learn more at [www.NLGI.org](http://www.NLGI.org)

**About CQA:** The Center for Quality Assurance (CQA) has over 25 years of experience working with industry partners to advance technology through the design, development and administration of specification programs. Our vision is to be the global leader in providing knowledgeable and innovative programs and solutions that will enhance the quality and application of our client's products and create better experiences for consumers and users.
