

PRESS RELEASE

DOVER CHEMICAL CORPORATION AND RAVAGO CHEMICALS NORTH AMERICA ANNOUNCE NEW NATIONAL DISTRIBUTION AGREEMENT

ORLANDO, Florida, Nov. 4, 2021. – Ravago Chemicals North America (RCNA) and Dover Chemical Corporation (Dover) are pleased to announce a new national distribution agreement. Dover is a leading chemical additive manufacturer for the metalworking & lubricant, coatings, plastics, and oil field industries. Starting February 2nd, 2022, Ravago Chemicals will become the national distributor of Dover Chemical products. This is an expansion of a long-standing relationship between the two companies that began in 2003 in the Midwest region.

“We are excited about expanding our partnership nationally with Ravago Chemicals,” said Bill Logan, Vice President of Commercial Sales and Marketing, Dover Chemical. “By aligning with Ravago, we will be able to improve service and supply to our customers as well as grow our business in strategic areas.”

“The expansion of the Dover Chemical’s line card nationally not only strengthens our product offering in the CASE, Metal Working and Lubricants, Oil and Gas and Plastic Markets, but it provides us the opportunity to increase value and stability across our customer’s supply chain helping them focus on creating real growth and value for their businesses,” said Kevin Wettstein, Sr. Vice President & General Manager.

About Dover Chemical Corporation

Dover Chemical Corporation is a leading producer of dispersants and detergents for lubricant, fuel, explosive and industrial applications, EP and lubricant additives for powertrain, steel and metalworking applications, polymer additives, liquid and solid chlorinated paraffins, liquid and solid antioxidants (including organophosphites), flame retardants and additives for water-based or oil-based coatings.
